

Bill,

I just wanted to drop you a short note to thank you for the job your guys did with our locker room. The locker room project was very important to our football program and our university. You were very helpful and cooperative in all aspects of the project. The locker room looks first class and is a reflection on what we want our school to be perceived as. We could not have been more pleased with the way it came out.

Sincerely,

A handwritten signature in black ink that reads "Jeff Judge". The signature is written in a cursive style.

Jeff Judge
